Professional Digital Photography

Thank you for considering Huw Thomas Photography for your wedding requirements.

With over 26 years of experience as a LOCAL professional photographer, we would be happy to include you in the continually growing number of extremely satisfied clients, past, present and hopefully, future.

Your event will be captured using Professional Digital NIKON equipment, your assurance that this all too important day is not left to chance.

We offer a clear pricing strategy, and no hidden costs, so financial budgeting is made easier, making your day a day to remember.

All our Wedding & Civil Ceremony Packages include photography at the venue of the ceremony and the reception until you sit down for your wedding meal (usually about 5 hours). Additional cover can be provided for additional cost by negotiation.

Multi-size and Custom Bespoke Packages include extra coverage before the ceremony and a CD/DVD of the images included in your album.

Our images are printed using professional chemical "wet" printing for image stability, quality and longevity- they are NOT cheaper INKJET prints

We offer secure transactions using PAYPAL, either online or by telephone, and we still currently accept cheques and cash too.

This brochure lists the current packages available to you, and as all weddings and Civil Ceremonies are different and spontaneous events, you can customise your package to your own individual taste and budgetary requirements. (Options include Hi-res images on CD or DVD, Album Packages with multiple photo and size options, combined CD/DVD and Album packages, the choice is yours).

It's your wedding, so you decide. !
